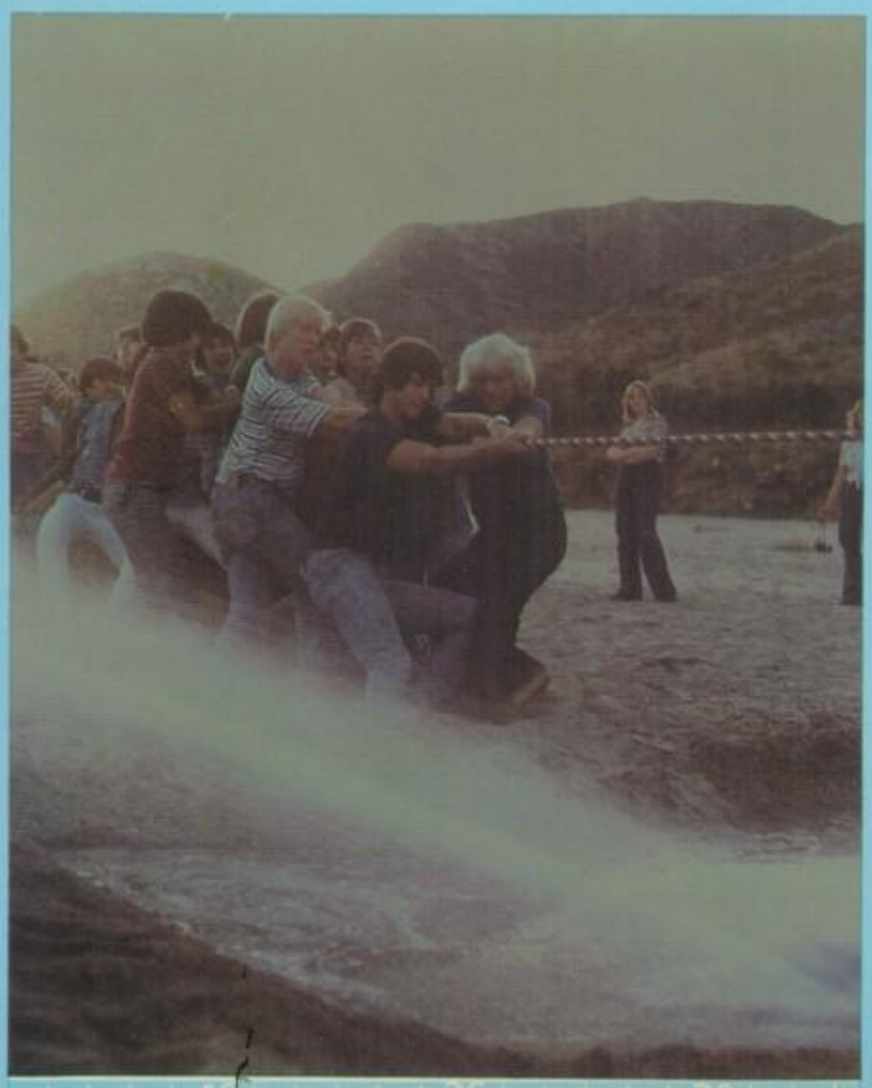
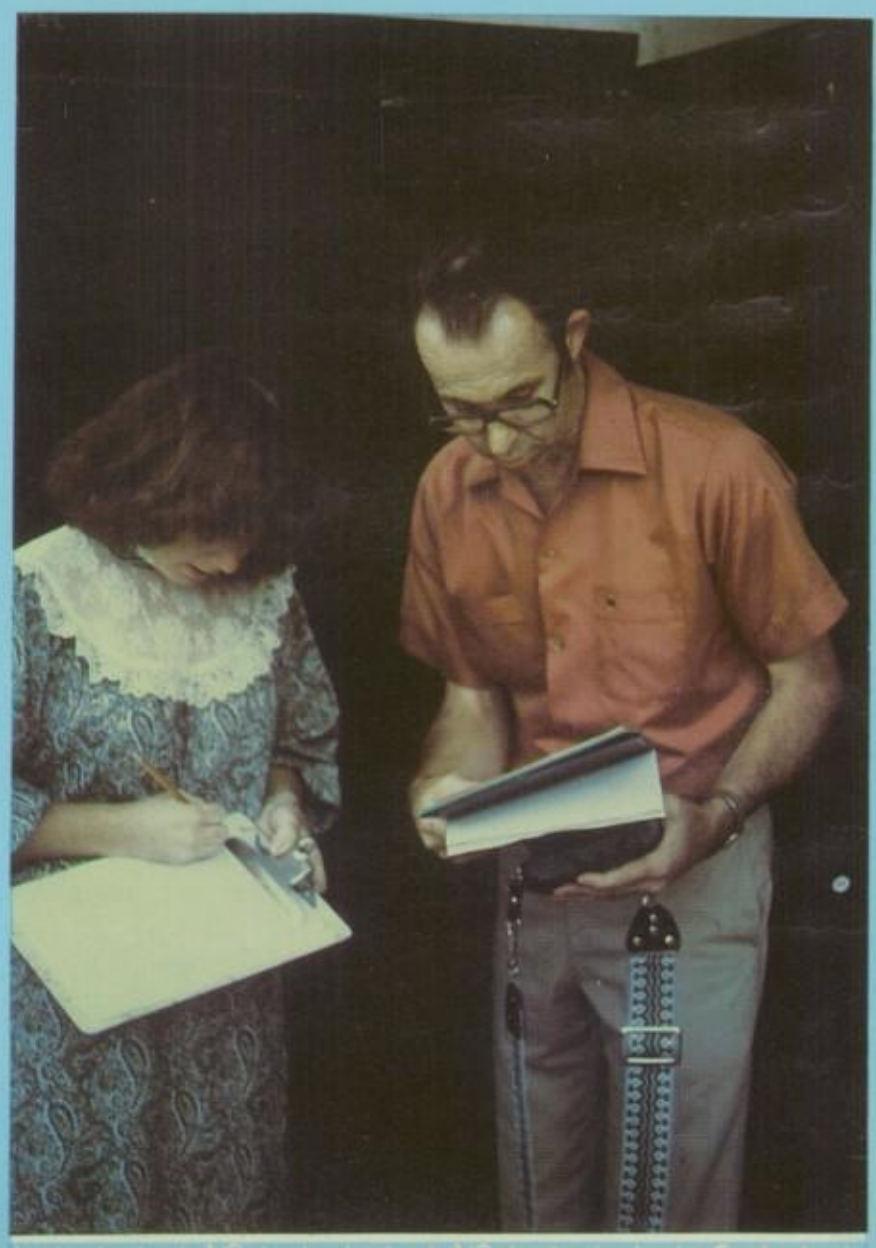
40.' Um of Ever loving, kind and nerve racking roomate. Yeii I have had so much fun with you this year, I feel like crying just thinking that I might not see you again, but I know I will. Yeii you are one nice, understanding, cool hypro, and crazy chick I also think you are very cute. I am so glad that we got to know each other and to be roomates, you Julie and I. Yeii we have been through thic and thin, through short and tall, through bad times and good times and we still came out strong. Yeii at the beginning of the year you were not here and it was only, Julie, Dana, Patricia and me. When we first got to know you we knew desperately that you would be a good friend to HA-HA have and we nominated you in our little group. And you have not failed us yet. Sometimes Yeii we might get into arguments over the dumbest things, we might even get to the point that we want to kill each other. But Yeii even the best of friends have their kinds of problems and I consider you one of my Best friends and you always will be. Yeii remember the time you Julie, Dana, Patricia, Alicia, Alma Myra and I had that dinner, to me that was the best day here of a get together for me. It was very fun because we were all together we shared the pen of eating together and the pen of getting busted together to afterwards, I guess those were the days eh! Also do remember the times when we went to the riverbed and the Oasis together, almost drowned and almost got caught running through the orange groves. Yeii I could never in a million years forget the time when you, Archie, Robert

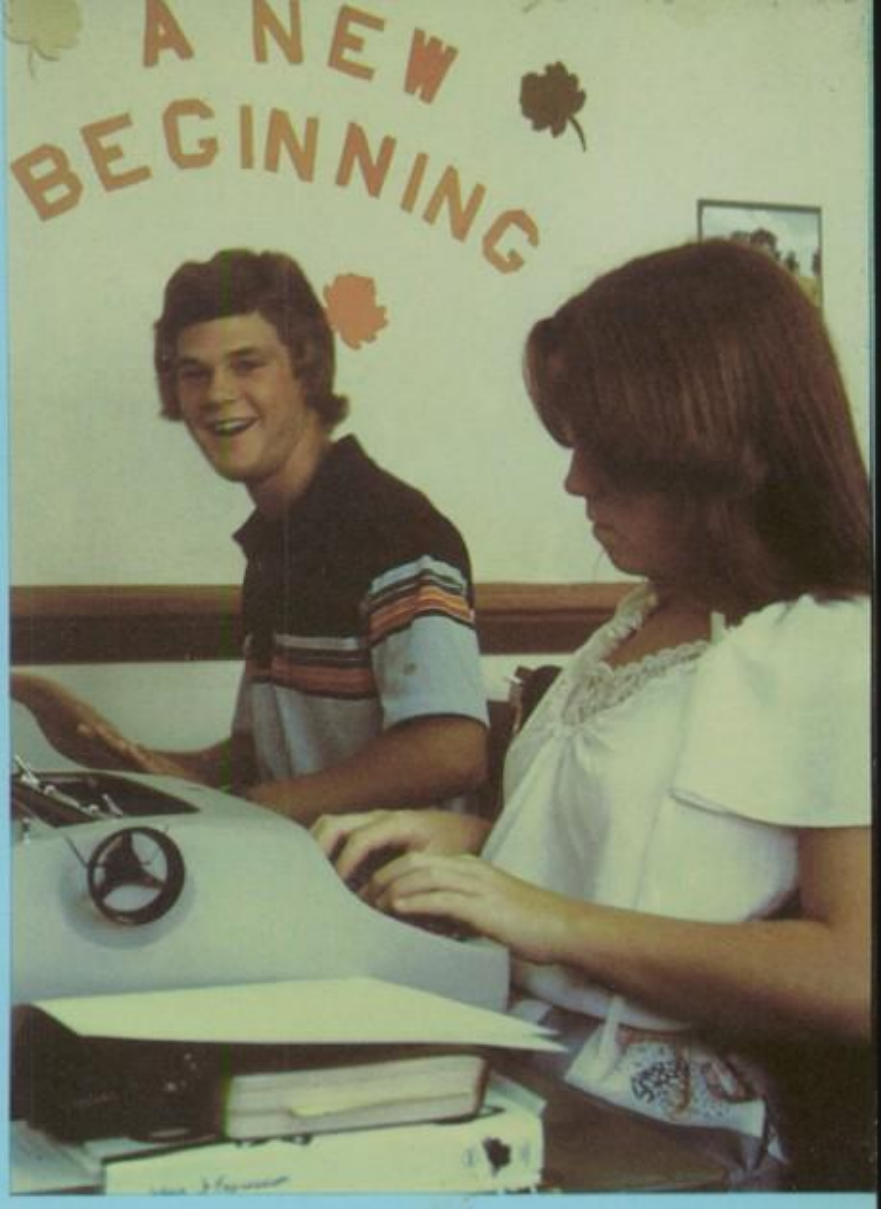
and I went over to Julies house. that was,
when we. you and Archie, Julie, Robert and sometimes
me and Jeffery. especially the times after you
was busy with Archie at your house talk about
"Muppet Magic" HA HA Kidding
I really enjoyed going over to your house, it was
like being at home. tell your sister, your mom,
your grandma, I said Hi and that I will never
forget them.
Teri it seems like you and I are in the same
boat as far as school problems, but whatever
school you go to and when you meet new friends
don't forget your old friends the ones that you
mean a lot to the ones that love you, care for
you, laugh with you, argue with you, those are
everlasting friends and I consider you as one
of my everlasting friends. These last months
Teri, I have drawn closer to you and Julie
because it might be months before I see you
again and I wont be able to get used to it
@ an Alumni weekends. Teri I want to see
you but up there, what you should be
the first one. I can't guarantee that I will
be there, but I will try my hardest.
I hope that you and Archie stay
together forever and be always true
in contact with each other and maybe
one of these days we can all get
together in Hollywell.
So Teri Keep in touch. And I always
Remember me and I will remember you.
Love ya Always your friend Harper.

SAN PASQUAL ACADEMY
1979 ALAPÉ

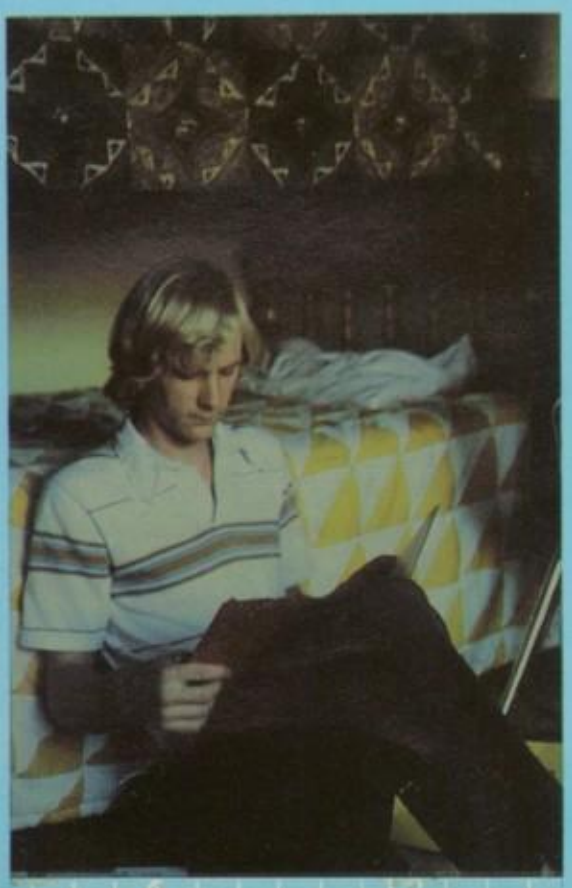
These are the days;
the days we'll remember.

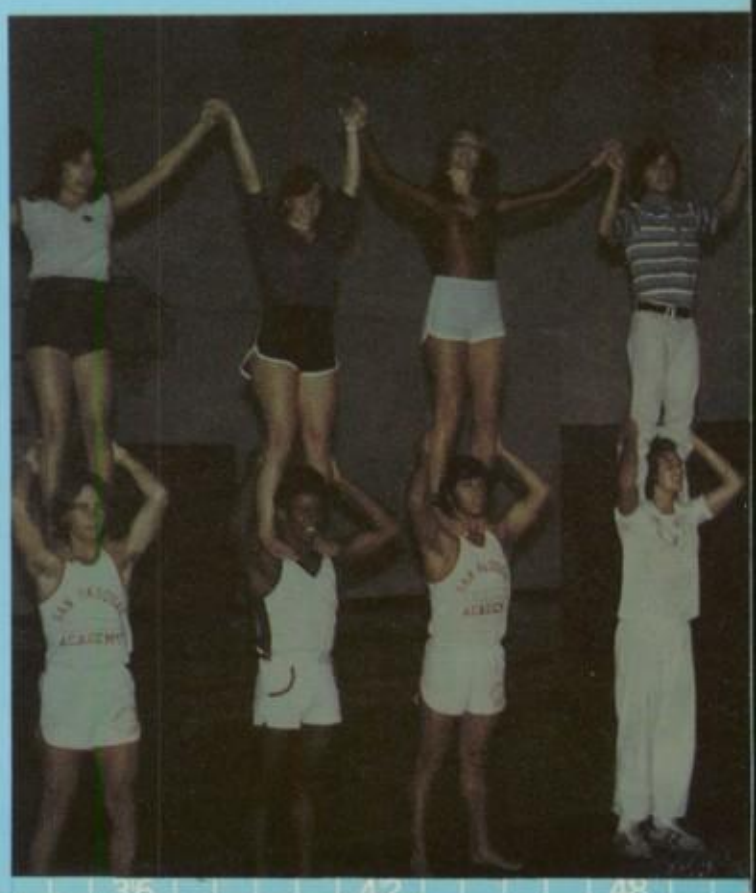




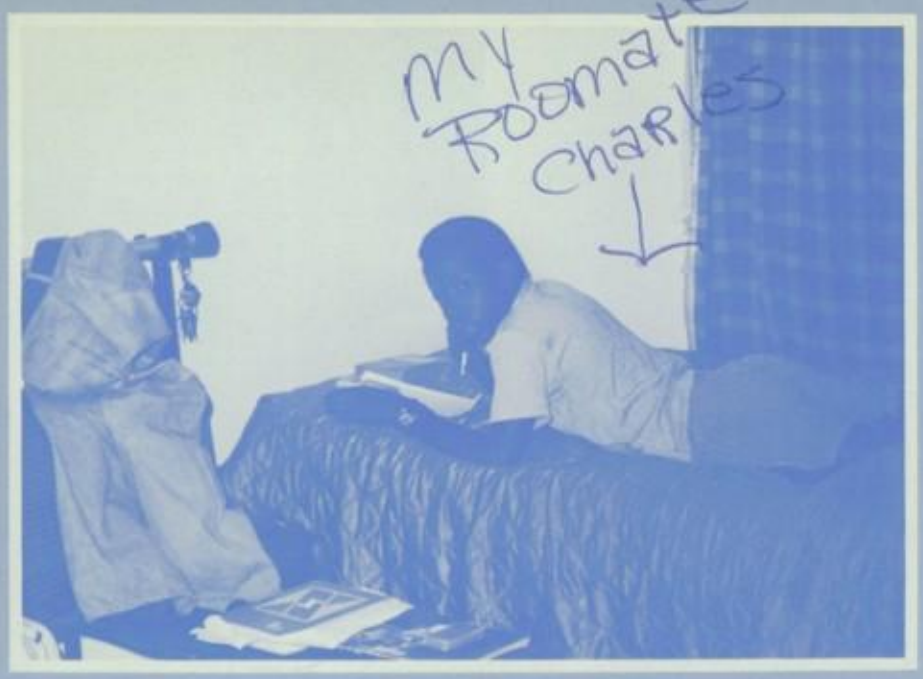


They were busy times filled with dreams, fulfilled aspirations, studying, friendships and a time to learn about and be with God.

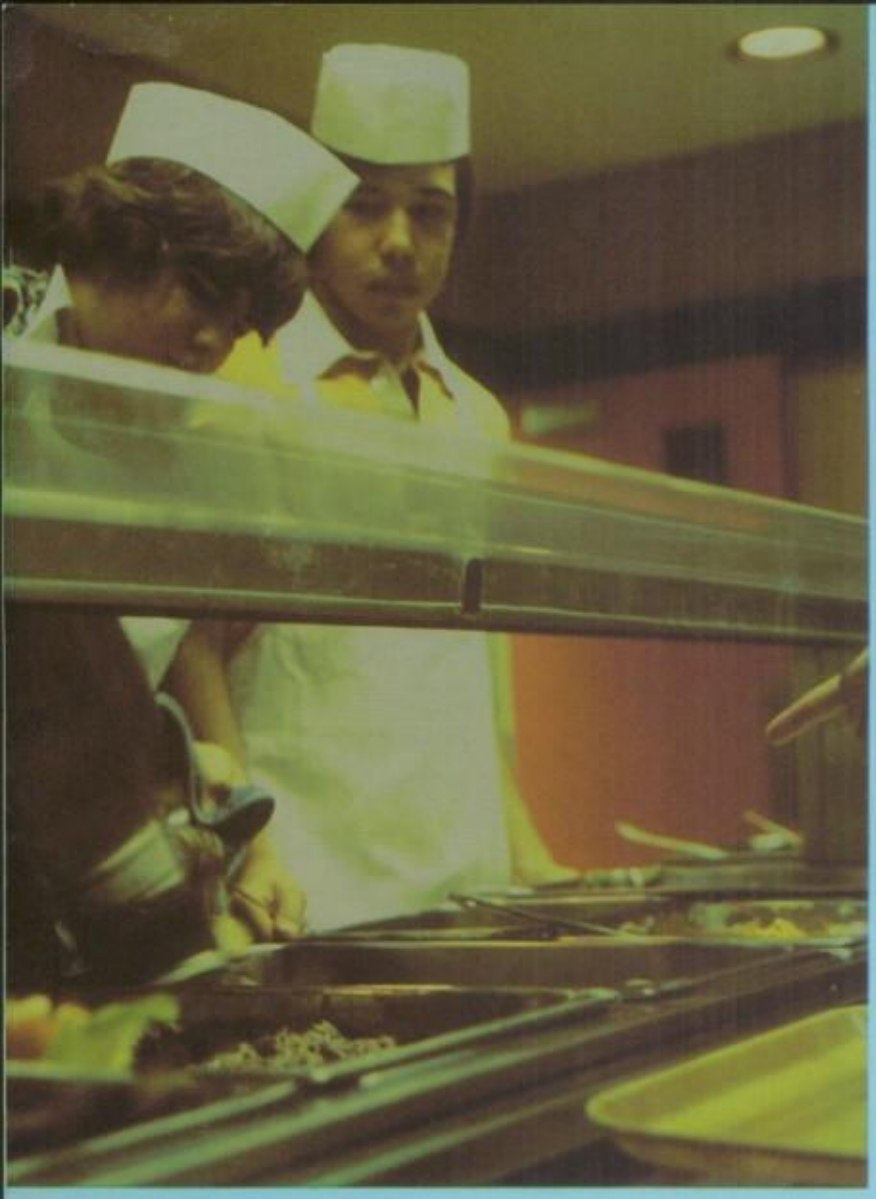




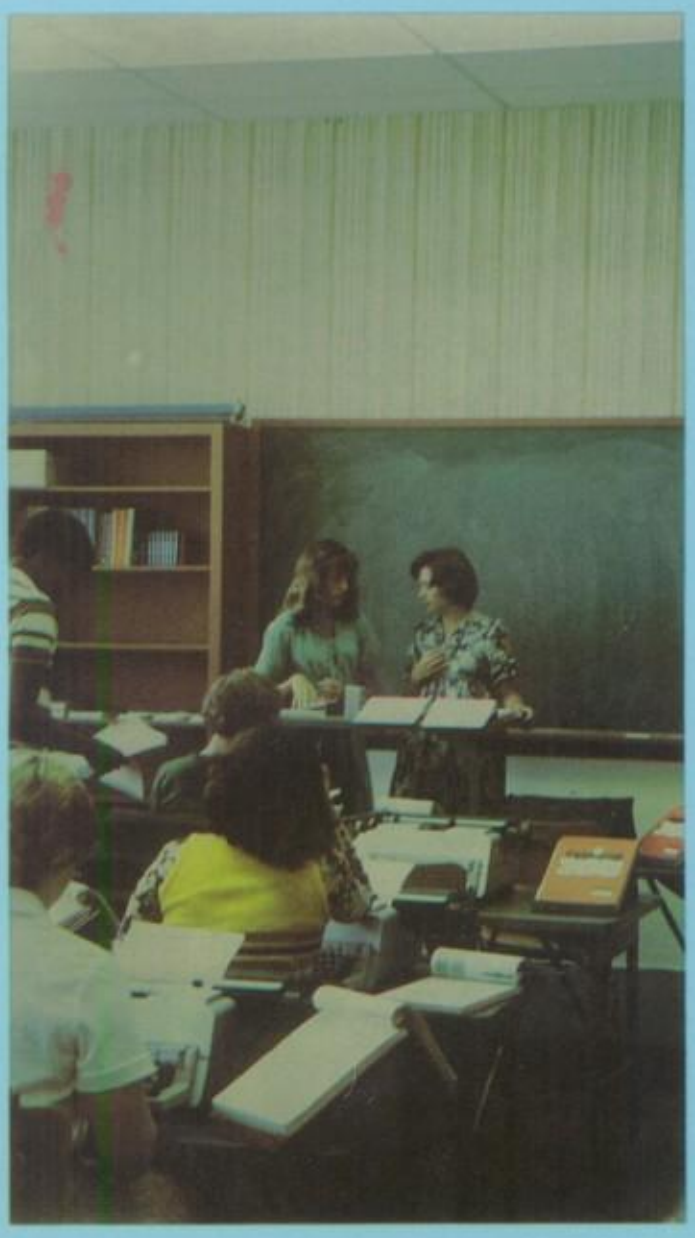
The time we spent in learning we hope to make pay off. We strived to do our best, sometimes failing but picking up the pieces and trying again, and surmounting our failure with a success. We hope to make the best of this training and prove that it wasn't in vain.

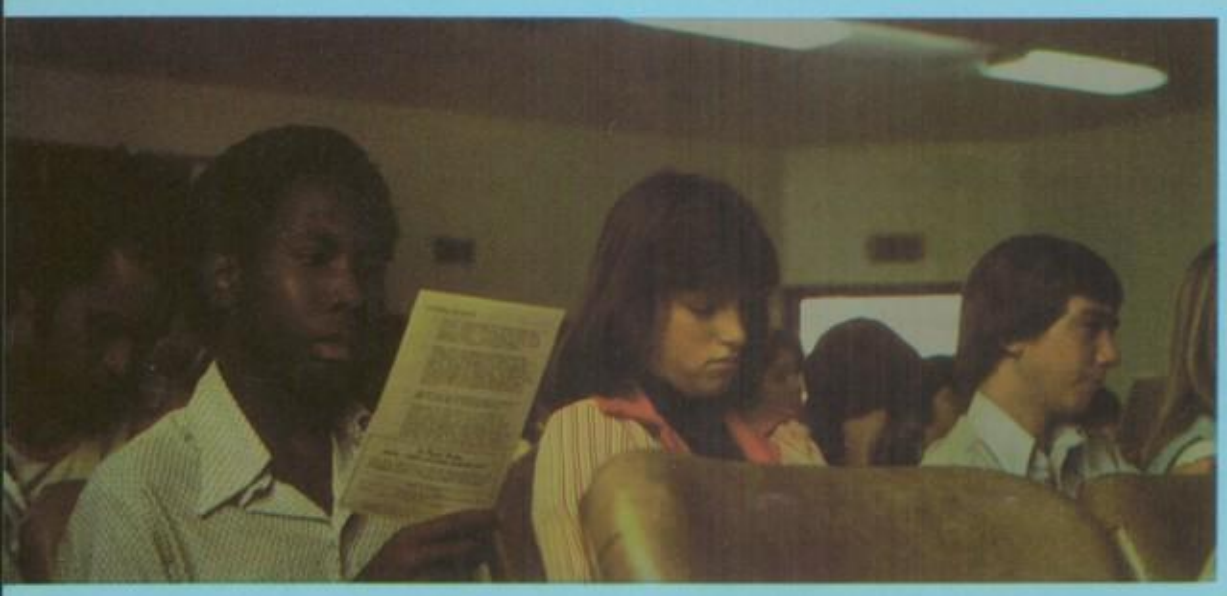


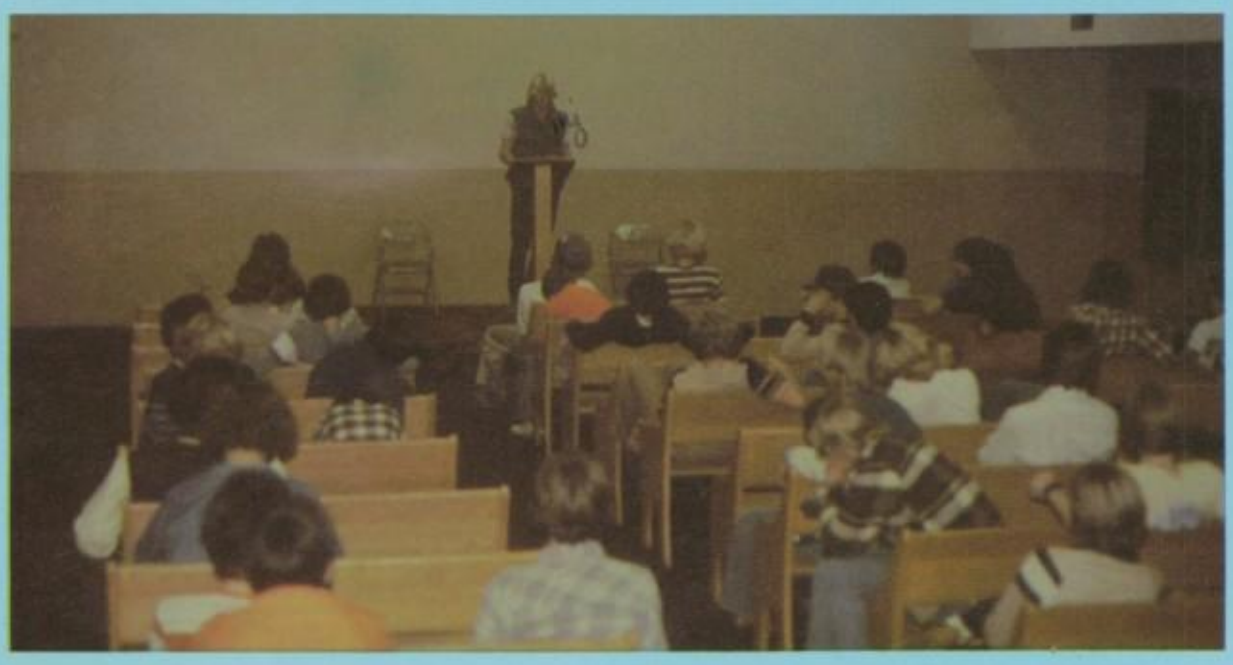
Our days were filled with friends, laughter, joys and some tears. The friends made up the fulfillment of our days, for it was through them that much of what we accomplished was attained. They would make us laugh when we needed cheering and fun after much work. They shared in our joys of success. They comforted in times of our tears of sorrow over some loss or bitter disappointment. Yes, friends helped make up our days.



Our days were rushed, filled with cafeteria lines, pushing in the halls, schoolwork, that favorite class, dorm duties, work assignments, groves and other routine activities. But our days were always calmed with a worship to help end our day.







Our days were filled with memories . . .

PRINCIPAL'S MESSAGE

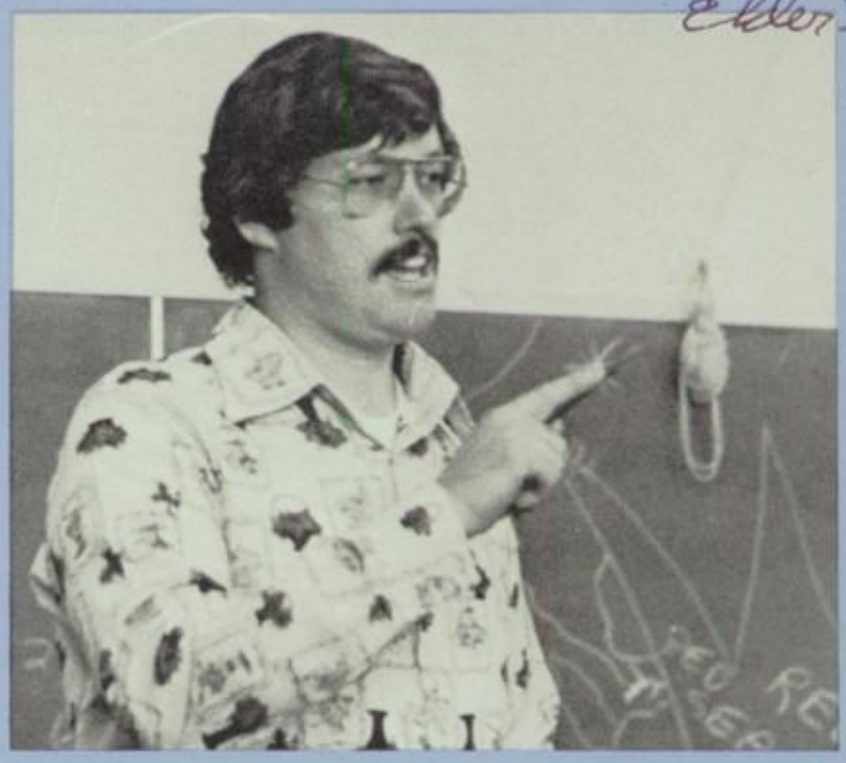
Many of the outstanding events of the past year are recorded in this fine yearbook. As you reflect on the experiences of the past I encourage you to thank the Lord for life with all its blessings. And may you determine in a greater way to dedicate your life to your Heavenly Father each day in the year to come.

"There is no limit to the usefulness of one . . ." I urge you to become better acquainted with the Master Teacher. Cooperate with Him and experience the joy and satisfaction that comes from unlimited service for the good of others. Build on your past successes so you can be of greater service to God today and in the future. Make the failures in your past experience stepping stones to further success.

It is my desire that you will receive the following report when your Father in heaven reviews not a year but the full span of your life. "Well done, thou and good and faithful servant . . . enter thou into the joy of thy Lord." This can be your experience.

DEDICATION

Dear Tori
I've really enjoyed your happiness and good attitude in Teph. Bible this year. I'm glad you came to S.P.A. to share your gift talents with us. May God bless as you follow His will for your life.
Sincerely
Elder G-2



How can one show gratitude for two who have done so much. You've helped us through our days by teaching us, helping us and listening to us far beyond what is necessary. Your influence has lifted us all, and your loving Christian attitude has brought you our true love and thanks in return.

Elder and Mrs. Gifford, in gratitude for your devoted service, we dedicate the 1979 Alape to you.

Dear Little Sis,

This has been a great year. I'm glad you decided to join us here at our school. I'm sure Archie is too. At the first of the year they choose "little sisters", I wasn't there so I didn't get to choose one. I'm glad Patient got me you. I'm sorry I'm not the greatest "big sis" around but I've enjoyed having you as my little sis. Thankyou so much for the little plaque you gave me. I really like it + it will make me a little less homesick for SPA. when I put it on my wall in England. I hope you're coming back for your next 2 years. Now comes my inevitable sermon. Always remember that "Jesus is the Way". His whole everything is at. It's hard at times being a "christian" life but I know it's the best way around. Most people know this. It's just the giving themselves "all" to Him that holds them back. There's a lot of fun + happiness + greatness besides the pain of being a christian. It all evens out in the end though. Whatever you do, or wherever you go - always remember that He loves you!! Have a terrific summer + write to me once in awhile. I'll miss you + my other friends here at "dear SPA." But I'll have fun over there too. I might even find an England laddie! Wouldn't that be fun! Stay Pretty + Sweet,

With Love,

"Your Big Sis"

IN LOVING MEMORY

Karlene DeAnne Eggers

August 1, 1960 to February 23, 1979

Our days were filled with sadness in the passing of a beloved friend - a friend who had shown us through her life what it means to know Jesus as a personal friend. It was Karlene's habit each morning and evening to have private devotions. During these special times she gained the strength to face each day with courage.

In her own quiet unobtrusive way Karlene made an impact on many lives. She had the rare gift of being sensitive to the needs of others even before their need was expressed. Caring deeply for others was a trait she carried from childhood right up until the day of her death.

Karlene believed in living life to the fullest and was actively involved in the *Valley Echo*, gymnastics, music, the Four-Year Club and senior class activities. But no matter how busy she was, people came first. She would often stop and talk with a friend who just needed someone to listen. Finding unique, creative ways to make others happy was her joy and specialty.

Before she passed away it was her desire that a message be taken to her San Pasqual family. She wanted them to know that she loved them. If Karlene had one last message for us all it would probably be, "Friends, Jesus is coming very soon. Be ready and I'll meet you in heaven."

To Teri, To a girl who always got the table on the Bus. Keep up your good smile. Have fun this summer with Alcatraz!

College is a great idea

But it can be better in some places than in others

We're thankful that Ellen G. White helped select our rural location in one of California's most beautiful regions. Our Christ-centered campus offers a wide choice of academic programs in an atmosphere of clean, unpolluted air and water and breath-taking scenery that delights the eye and refreshes the mind.

That's why Mrs. White spoke these words at the College's dedication in Angwin back in 1909. She said, "God wanted us here, and He has placed us here . . . I believe, as you walk through these grounds, you will come to the same decision—that the Lord designed this place for us."

We're the only truly rural Adventist campus left, thanks, we feel, to this far-sighted messenger of God. If you would like to join us and put Christ in the center of your life at a college designed for you, write to us at the Office of Admissions and Records, PUC, Angwin, CA 94508, or call us at (707) 965-6336.
